## **Electricity (The Micronauts Remix)**

## **Orchestral Manoeuvres In the Dark**

I want some, some energy
The ultimate discovery
Electric blue for me
Never more to be freeElectricity
Nuclear and HEB
Come fuels from the sea
Wasted electricityI want some, some energy
Electricity
All we need is to learn to save
And if a man would throw awayIt doesn't change the city cost
The alternative is only one
The final source of energy
Solar electricity
