Breathing Air

Clint Black

No one ever said life would be easy
One good look around and that's easy to see
And it's so hard to know just what to believe in
But you can take it for granted
You can always believe in meChorus:
I would carry the world on my shoulders
Juggle the moon and the stars
No mountain I couldn't get over
Never a bridge too far
To be there whenever you need me
There's nothing I would not do
If I'm breathing air
I will be there for youNo matter how strong we'll all need somebody to lean on
We'll all have to reach for a hand now and then
No I'm not someone who has all the answers
If you'll just let me try I'll help you find them again and againChorus
