

Barker of the UFO

Bee Gees

Barker, sing me a song
Instead of counting trees
Collecting aeroplane numbers now, Mr. Barker
(All the playground's full of paupers)
[Incomprehensible], shine my shoes Fly me to the moon
And never before have I seen the light, Mr. Barker
(Chasin' all hallucinations) Then the moment of depression fell around, Mr. Barker
And the changes of expression to a frown, my friend Barker
There must be somethin' there
(Oh yes) Shiner of the light
[Incomprehensible] are here, Mr. Barker Then the moment of depression fell around, Mr. Barker
And the changes of expression to a frown, my friend Barker
There must be somethin' there
(Oh yes) Shiner of the light
[Incomprehensible] are here, Mr. Barker Barker, sing me a song
(Oh yes)
Instead of countin' trees
Collecting aeroplane numbers now, Mr. Barker
[Incomprehensible], shine my shoes
(Oh yes) Fly me to the moon
Never before have I seen the light, Mr. Barker Barker, sing me a song
(Oh yes)
Instead of counting trees
