

Strength

Tim Bowman Jr

Dear Lord I cannot funk up my fear Lord
Life is hard everything is at a stand still Lord
I'm at a cross road, left or right, which way I go
I'm at a cross road, Left or right which way I go
Dear Lord give me the strength so I can move forth
I'm all yours so let me change
form

Tell me where to go and I'm gone
You are the shoulder I want to lean on
Till I get stronger, Lord I need your strength
To carry on, Lord I need your strength
I wanna go higher, Lord I need your strength
I'm nothing with out ya, Lord I need your strength
Yea Lord, I know life aint fair and all
And its a path Lord and I must trust every step Lord
I'm at a cross road, left or right, which way I go
I'm at a cross road, Left or right which way I go
Dear Lord give me the strength so I can move forth
I'm all yours so let me changeform

Tell me where to go and I'm going
You are the shoulder I want to lean on
Till I get stronger, Lord I need your strength
To carry on, Lord I need your strength
I wanna go higher, Lord I need your strength
I'm nothing with out ya, Lord I need your strength
Even when I'm blind, I know you'll be on time
Can I get a witness, if you've been there
And every time I'm feeling down, I dont need to look around
You with me, you with me
nobody, yo, yo, yo

Ok, I'm driving by booming my mercedez been mansion
Late calling for help why do I wait lamp light
Evolve to the crazy me rambo, I need to pay my bills because the devil want to pray on me cancel
All day I'm trying to beat satan with my hand fro
screaming Lord help me in the eighty keep transpo
you aint throw more on me
than the faith in me can handle
devil shooting shots and by the way I need amo
Yo God you know man this is a crazy life, need gas for the car, we need baby whipes

and I'm working for you, and you going to pay me right? I mean umma, I got my hands
high, I'm just stayen fly, I'm just saying God
when you was blessing folks I felt
I got ramba, said that he was better, what?! Why that man lie?
Man I'm just feeling like you just left me, I really need you to help me up
Till I get stronger, Lord I need your strength
To carry on, Lord I need your strength
I wanna go higher, Lord I need your strength
I'm nothing with out ya, Lord I need your strength
Till I get stronger, Lord I need your strength
To carry on, Lord I need your strength
I wanna go higher, Lord I need your strength
I'm nothing with out ya, Lord I need your strength
