

# Shame (Way Out West mix)

BT

My lonely doll, she came again  
Frozen wall like teenage skin  
And neither for what comes within  
A substance cloud like sinking sin You told your great tale and it's always the same  
"Quite a shame that it goes this way," is what you said  
How very bizarre, all these blood-letting games  
"Quite a shame that it goes this way," is what you said  
[repeat] Every time (It's such a shame) You told your great tale and it's always the same  
"Quite a shame that it goes this way," is what she says  
How very bizarre, all these blood-letting games  
"Quite a shame that it goes this way," is what she says You told your great tale and it's always the same  
"Quite a shame that it goes this way," is what you said  
How very bizarre, all these blood-letting games  
"Quite a shame that it goes this way," is what you said Still smell of fear, she came again  
A frozen wall like teenage skin  
She'll break my fall, begin my friend  
Small substance cloud like sinking sin You told your great tale and it's always the same  
"Quite a shame that it goes this way," is what you said  
How very bizarre, all these blood-letting games  
Quite a shame that it goes this way It's such a shame  
It's such a shame
