

# Annie

## Biff Rose

There was a girl named Annie  
She had a very pretty face  
And not the way you would think so  
Let me see if I can try to explain it  
She had a smile, it could light up a room  
And if she moved, it'd be movin? in you  
But she wasn't like a magazine  
She was just plain Jane and her name was Annie  
She never looked in the mirror  
She never liked what she would see  
And even if I tried to tell her  
She never listened to a word I'd say  
She always wanted what she never had  
But never had what she needed so badly  
Someone tellin? her she was fine  
And that's not right and it's why I'm sayin?  
Annie, don't be shy here  
Annie, don't just lie there  
Looks don't make the world go 'round  
But it comes around  
And Annie, don't be shy here  
Annie, please don't cry here  
I always have to stop myself  
?Cause you're beautiful  
I didn't know if I could tell her  
I didn't know if I could make her see  
She didn't need to find her beauty  
She didn't need to find a way to show me  
They took her moments of feelin? alive  
And made them moments of dyin? inside  
She needed someone to scream her name  
To take her pain and it's why I screamin?  
Annie, don't be shy here  
Annie, don't just lie there  
Looks don't make the world go 'round  
But it comes around  
And Annie, don't be shy here  
Annie, please don't cry here  
I always have to stop myself

?Cause you're beautiful  
And Annie, you are the one sight  
    My eyes never tire of  
    It's like I cannot get enough of you  
Annie, you are the one song left in my symphony  
    Like you were made for me  
    Annie, don't be shy here  
    Annie, don't just lie there  
Looks don't make the world go 'round  
    But it comes around  
    And Annie, don't be shy here  
    Annie, please don't cry here  
    I always have to stop myself  
    ?Cause you're beautiful  
    And Annie, don't be shy here  
    Annie, don't just lie there  
Looks don't make the world go 'round  
    But it comes around  
    And Annie, don't be shy here  
    Annie, please don't cry here  
    I always have to stop myself  
Have to stop myself, have to stop myself  
    ?Cause you're beautiful  
    ?Cause you're beautiful  
    'Cause you're beautiful  
There was a girl named Annie  
    She had a very pretty face
