Memories

Cable35

Got a lazy memory
living in velocity
Got to row, got to roll, got to row
It'll to much for me.This mind is narrow
tight gripped agitated
This crown is hollow
Defrost your directionLet's deflate some misery
living in diversity
Got to row, got to roll, got to row
it'll maybe to much for meThis mind is narrow
Tight gripped agitated
This crown is hollow
Defrost your directionNeed to get my head around
I need to get my head in check
Got to row, got to row
got to blow, got to blowCannot lift my head off ground
I need to get my head in check
Got to row, got to row
got to blow, got to blowGot a lazy
Got a lazy memory
living in velocity
Got to row, got to roll, got to row
It'll too much for meThis mind is narrow
Tight gripped agitated
This crown is hollow
Defrost your directionYour direction
