

# Wanna Rock & Roll

## Cross Canadian Ragweed

Last night I went down to the railroad tracks  
To watch that train roll by  
99 cars screaming into the dark  
I heard the lonesome whistle cry With her name on my arm and the rain coming down  
I kissed her like it was the first time  
I took her down to the railroad tracks  
And her red, red lips touched mine She said, "I wanna rock & roll  
Wanna hoochie coo  
Shake that thing  
Baby, love me do" The woman's got a walk to make a man cry  
Throw back his head and howl  
Ruby red lips, liquid hips  
More than the law will allow If I told her once, I told her twice  
I must have told her a thousand times  
I got a red hot mind and a cold black heart  
I am the jealous kind Where the woman just laughed and said, "Sweet Daddy  
You know you are the only one  
You're my smooth lover boy, my heartache and joy  
Come on let's have some fun" I wanna rock & roll  
Wanna hoochie coo  
Shake that thing  
Baby, love me do It was early last night, I went downtown  
To a place called Johnny's Last Stand  
Through the blues and the smoke, I saw her on the dance floor  
She's with another man The dead man's name was Louie Dupree  
I pushed the little button on my knife  
I walked up and I said, "Well hello boys and girls  
Have you enjoyed your life?" It's time to rock & roll  
Time to hoochie coo  
Time to shake that thing  
Baby, love me do Last night I went down to the railroad tracks  
To watch that train roll by  
99 cars screaming into the dark  
I heard the lonesome whistle cry With her name on my arm and the rain coming down  
I kissed her for the very last time  
I took her down to the railroad track  
And her dead, red lips touched mine I wanna rock & roll  
Wanna hoochie coo  
Shake that thing

Baby, love me doWanna rock & roll  
Wanna hoochie coo  
Shake that thing  
Baby, love me doBaby, love me do  
Baby, love me do  
Baby, love me do  
Baby, love me do
