Honky Tonk Hiccups

Neko Case

I got the honky tonk hiccups

Ready, steady, go

I got the honky tonk hiccups

Ready, steady, go

Honky tonk hiccups

Ready, steady, go

I found the cure on the hardwood floorWhen I got home from work

I was feeling pretty fine

'Til I started getting hiccups 'round supper time

Held my breath 'til I hit the floor

But the hiccups kept coming

Even more, more, moreI asked my baby to dive behind a chair

And when I wasn't looking

She would give me a scare

I drank a glass of water

And I blew into a bag

But the hiccups kept a-comin

Nag, nag, nagI got the honky tonk hiccups

Ready, steady, go

I got the honky tonk hiccups

Ready, steady, go

Honky tonk hiccups

Ready, steady, go

I found the cure on the hardwood floor

I found the cure on the hardwood floorWell, I was feeling low

But my baby made me go

Down to the honky tonk and hillbilly show

An hour in the line-up

And I finally made the door

But the hiccups kept a-coming

Even more, more, moreFirst I heard the music

And then I felt a beat

And that's when I knew

That the hiccups would retreat

I headed for the dance floor

I really did my best

I did the rump jump

I guess the whiskey did the restI got the honky tonk hiccups

Ready, steady, go

I got the honky tonk hiccups
Ready, steady, go
Honky tonk hiccups
Ready, steady, go
I found the cure on the hardwood floorHonky tonk hiccups
Ready, steady, go
I got the honky tonk hiccups
Ready, steady, go
Honky tonk hiccups
Ready, steady, go
I found the cure on the hardwood floor
I found the cure on the hardwood floor
The only cure is the hardwood floor
