

# Jessica

## Bloodrock

Jessica, I think I'm getting old  
Friend and changes, In my followed year

Jessica, I think your nose is cold  
Stand by, will I need you anymore

Jessica, we all can hear you now  
Tell me something, something I don't know

Jessica, I face it everyday  
Burned eye, cold fly same thing everyday

Jessica, I think I'm getting old  
Friend and changes, In my followed year

Jessica, I think your nose is cold  
Stand by, will I need you anymore

Jessica, Jessica, Jessica,  
Jessica, Jessica, Jessica,
