

I Will Always

The Cranberries

And now, it's all the same to me,
So be whatever you want to be
And go wherever you need to go.
And when it all seems like a mistake,
Take whatever you need to take
And leave the rest for my own sake.
I will always go beside you.
You will always understand.
And now, it's all the same to me,
So be whatever you want to be
And go wherever you need to go.
And when there's nothing left behind,
Taken whatever you needed to
And leave it all into my mind.
I will always go beside you.
You will always understand.
