I'm Gonna Be King

[Cat Stevens](#)

I've been pushed around
Made to look a clown
But now, now I know
It is time for me to start to growI'm gonna be king
I'm gonna see things right
I'm gonna be king
And you will be my brideI'll show everyone
That my time will come
If you wait for me
I will show the world what I can beI'm gonna be king
I'm gonna see things right
I'm gonna be king
And you will be my brideLove does funny things
And to me it brings
Strength to carry through
And to make my name a pride to useI'm gonna be king
I'm gonna see things right
I'm gonna be king
And you will be my bride
