

# Inside My Head

## Fozzy

How can I feel this way  
When I know it's right  
To chase your demons away  
And it's so hard but it's right  
Inside you feel the fight  
To keep you far away

Why do I need  
To make it bleed  
Can you help me kill the sounds  
Inside my head  
Why do I thirst  
For all that's worse  
Can you help me kill the sounds  
Inside my head

Now that I call you friend  
Feelings return and I long to see you again  
And it's so hard but it's right  
Inside I feel the light  
I want you back again

Why do I need  
To make it bleed  
Can you help me kill the sounds inside my head  
Why do I thirst  
For all that's worse  
Can you help me kill the sounds inside my head

Break my will  
Crush my soul  
Lost inside a deep dark hole  
Sink my ship  
Drown my pain  
Like a Phoenix I will rise again

Why do I need  
To make it bleed  
Can you help me kill the sounds inside my head  
Why do I thirst

For all that's worse  
Can you help me kill the sounds inside my head

Can you help me kill the sounds inside my head
