My Picture

Maren Ord

When it's not coming
It doesn't feel right
And you can't fight
'Cause I'm not coming
I can't believe these years of trying to make it right
But he's not coming
No he's not gonna' get it right away
And she's not giving
No she's not gonna' give it anyway

Look it here this is my picture
And I'm not gonna' put it away
Look at me this is my picture
And I'm not gonna' tell you what I want
You can see right here

You're not coming
I think you would if you could see me here
But you're not coming
It might be better if I could only disappear
I'm just running
I think you know that if you understand
That you'd be coming
But I'm too far I know you'd be here if you could

Look at me this is my picture
And I'm not gonna' put it away

I'm not gonna' tell you
Put it away
