Look Alive

We Are the Ocean

I am hoping that today I'll learn how to live my life
But I can't, can't, can't see past this crowd,
But I know, that I can feel it, yeah I can feel it.

I'm always looking for an answer, something to tell me who I am
And I'm always looking to the mirror, there's no one there so I'll pretend.

I don't want to be like everyone else,
They by the same rules, they've got it all figured out.
Follow me through the crowd right now, follow me through the crowd right now.

But I know that I can feel it, yeah I can feel it.

I'm always looking for an answer, something to tell me who I am.
And I'm always looking to the mirror, there's no one there so I'll pretend.
There's no one there so I'll pretend.

Let's all make out that we're somebody else,
Let's all make out that we're somebody else.
Let's all make out that we're somebody else,
Let's all make out that we're somebody else.

I'm always looking for an answer, something to tell me who I am.
And I'm always looking to the mirror there's no one there so I'll pretend.

I'm always looking for an answer, something to tell me who I am.
(Let's all make out that we're somebody else,
let's all make out that we're somebody else)
And I'm always looking to the mirror, there's no one there so I'll pretend.
(Let's all make out that we're somebody else,
Let's all make out that we're somebody else)
