Out With a Bang

RT. Flair

Little bits and pieces falling to the corners
Box of broken laces lined up in an order
I'll do what you tell me, we can have it your way
I'll tell you the future, you tell me your storyI'm going out with a bang
I'm going out with a bang
I'm going out with a bangSmiles from the stranger seem to change a day when
You were just about to go and throw your towel in
Lately, I've been thinking about making changes
It's been on my mind for some time and I'm anxiousI'm going out with a bang
I'm going out with a bang
I'm going out with a bangScowling like the sunshine set on Sarasota
Happy like a twister over Oklahoma
Clear as Penny Mason lying in a coma
This is our feeling, all my hurt is overI'm going out with a bang
I'm going out with a bang
I'm going out with a bangMeet me in the morning, wrap your arms around me
Tell me that it's over now that you have found me
Walk me to the river, see the willow bowing
Carry me into the water, now we're drowningWe're going out with a bang
We're going out with a bang
We're going out with a bangWe're going to go home againTa ta ta ta ta ta ta ta ta ta
Ta ta ta ta da da ra ra.
