

Thin

Heavenly Beat

that the build of another
could set me off
seeing your not enamored
after all my work
is hurtful
so I'm thin
carving absence
and to think
this would stop me from feeling awful
can I trust the figure
I'm sculpting?
I crave a new chance
in better light
pray that watching my intake
will someday feel
normal
so I'm thin
carving absence
and to think
this would stop me from feeling awful
can I trust the figure
I'm sculpting?
