

Someone's in the Wolf

Queens of the Stone Age

Once you're lost in twillights's blue
You don't find your way, the way finds you...Tempt the fates, beware the smile
It hides all the teeth, my dear,
What's behind them...So glad you could stay
ForeverHe steps between the trees, a crooked man
There's blood on the blade
Don't take his handYou warm by the firelight, in twilight's blue
Shadows creep & dance the walls
He's creeping too..So glad you could stay
Forever
