Darkness

Stratovarius

Living on the edge of falling down
Like each day would be your last one
Reaching for the stars that shine so far
Take my hand it will be alright, you and me to goLook into my eyes they are black as night, now
You can see your reflections, I tell you no lies
You are the prisoner of your own feelings, it's true
Something inside you but you just won't let it come outBut when comes the night, you won't be alone
'Cause I will be there, I will be there
I will be there, I will be there, I will be thereWhen the darkness enters into your room
Don't be afraid, 'cause I'll be there
When the darkness enters into your roomThey will put you down with their minds of steel
Despise and scorn, you just because they cannot feel
Hell is eternity, hell is your destiny
I can see it in your eyes that you want to say but you can't'Cause when comes the night, you won't be alone
'Cause I will be there, I will be there
I will be there, I will be there, I will be thereWhen the darkness enters into your room
Don't be afraid, 'cause I'll be there
When the darkness enters into your roomListen to me, hear what I said
You're playing a dangerous game
There is no time to waste anymore
Because it is getting so lateGet what you got, give what you can
Leave all the memories behind
They'll be haunting you foreverYeah, yeah, I'll be there
Yeah, yeah, I'll be there
When the darkness enters into your room
When the darkness enters into your room
Oh, oh, oh, oh, oh, oh, oh, oh
