## **No Apologies**

## **Sum 41**

I've heard it before
I'm straight out of line
The image of malice
With one evil mindI've got no excuse

It's my alibi

A victim of fashion

Dressed to do or dieDon't worry about me

I'm not your misery

A reject, no respect

(I don't, I don't, I don't)I don't want to be a conclusion

Victim of confusion

And I'll stay, my own place

Right here in nowhereSo here's my resignation

From the desperation

I'm the saint of hopeless

I make no apologiesWell, this is a call

Throughout and across

The underdog nation

The hopeless and lost'Cause we're not the ones

To walk with the dead

Disciples of no one

By no one we're ledDon't worry about me

I'm not your tragedy

A reject, no respect

(I don't, I don't, I don't)I don't want to be a conclusion

Victim of confusion

And I'll stay, my own place

Right here in nowhereSo here's my resignation

From the desperation

I'm the saint of hopeless

I make no apologiesNa, na, na

Na. na. na

Na, na, na, na

(I make no apologies)Na, na, na

Na, na, na

Na, na, na, na

(I make no apologies)I don't want to be a conclusion

Victim of confusion

And I'll stay, my own place

Right here in nowhereSo here's my resignation From the desperation I'm the saint of hopeless I make no apologiesI don't want to be a conclusion Victim of confusion And I'll stay, my own place Right here in nowhereSo here's my resignation From the desperation I'm the saint of hopeless I make no apologiesI don't want to be a conclusion Victim of confusion And I'll stay, my own place Right here in nowhereSo here's my resignation From the desperation I'm the saint of hopeless I make no apologies
