

Just a Little

Chelsey Chavez

I was lost in that moment, that sunset, and you
And we danced all night with footprints like a party just for two
You can catch me in a daydream cause that's where he'll be waiting
And before I start leaving he's asking if I'm staying

Just hold on, just hold on

Oh oh oh ooooooh, oh oh oh ooooooh
Kiss me just a little bit longer
Oh oh oh ooooooh, oh oh oh ooooooh
Tonight the stars shine just a bit brighter
If this is love
I want it all
But before we fall
Oh oh oh ooooooh, oh oh oh ooooooh
Hold on just a little bit longer
Hold on just a little bit longer

I remember your eyes getting lost inside of mine
Was this too good of a perfect night
It wasn't real but you and I
Can just

Hold on, just hold on

Oh oh oh ooooooh, oh oh oh ooooooh
Kiss me just a little bit longer
Oh oh oh ooooooh, oh oh oh ooooooh
Tonight the stars shine just a bit brighter
If this is love
I want it all
But before we fall
Oh oh oh ooooooh, oh oh oh ooooooh
Hold on just a little bit longer

But one day I will find you and it won't be in my dreams
And time will only tell
When you'll be next to me
And I'll be

Holding on, and we will be holding on

Oh oh oh ooooooh, oh oh oh ooooooh

Kiss me just a little bit longer

Oh oh oh ooooooh, oh oh oh ooooooh

Tonight the stars shine just a bit brighter

Oh oh oh ooooooh, oh oh oh ooooooh

Kiss me just a little bit longer

Oh oh oh ooooooh, oh oh oh ooooooh

Tonight the stars shine just a bit brighter

If this is love

I want it all

But before we fall

Oh oh oh ooooooh, oh oh oh ooooooh

Hold on just a little bit longer

Hold on just a little bit longer
