

What Went Wrong

Saves the Day

A month ago
there we were surrendering ourselves
to the local police
paying them not to tell
while we waited we all.....Sang a song of sorrow
solely to remember
what went wrongLeonard looked
like a ghost gave him a foot massage
molly shook like a fish
danglining on a line
walter wore womens clothesSang a song of sorrow
solely to remember
what went wrongWe sang a song of sorrow
solely to remember
what went wrongIn the darkness
we were all strip searched
nothing was foundSuffering
from the full cavity search
we fell to our knees
to repent
I can recal right now
what it was that we didWe sang a song of sorrow
solely to remember
what went wrong [2x]In the darkness
we were all strip searched
nothing was found
