

# Go Down Rockin'

[Bryan Adams](#)

If I'm gonna go down, I'm gonna go down rockin'  
I ain't gonna slow down, I'm gonna go down rockin' No one gonna tell me what to say  
Or tell me what to do  
You can't tell me what to play  
You think you know but you ain't got a clue If I'm gonna go down, I'm gonna go down rockin'  
I ain't gonna slow down, I'm gonna go down rockin' You can't tell me where to go  
You gotta put me in my place  
If you don't know by now then you never gonna know  
If you got a problem better tell me into my face If I'm gonna go down, I'm gonna go down rockin'  
I ain't gonna slow down, yeah I'm gonna go down rockin'  
If I'm gonna go down, I'm gonna go down rockin'  
I ain't gonna slow down, I'm gonna go down rockin' No one gonna tell me what to say  
Or tell me what to do  
You can't tell me what to play  
You think you know but you ain't got a clue I ain't gonna slow down  
I'm gonna go down rockin'  
I ain't gonna slow down  
I'm gonna go down rockin'
