

Can't Do a Thing (To Stop Me)

[Chris Isaak](#)

Here I go again, dreaming, here I go again
(Can't do a thing to stop me now)
(Can't do a thing to stop me now) Having a good time baby, wish you were here
Thinking about you baby, it feels like you're near
And you can't do a thing, to stop me
(Can't do a thing to stop me now)
No you can't do a thing, to stop me
(Can't do a thing to stop me now) Days can be lonely, nights dreams come true
Making love with somebody, exactly like you
And you can't do a thing, to stop me
(Can't do a thing to stop me now)
No you can't do a thing, to stop me
(Can't do a thing to stop me now)
Oh try (Can't do a thing to stop me now)
Can't do a thing to stop me
(Can't do a thing to stop me now) Oh
(Can't do a thing to stop me) Couldn't stop myself if I tried
Because I got you too deep inside And you can't do a thing, to stop me
(Can't do a thing to stop me now)
No you can't do a thing, to stop me
(Can't do a thing to stop me now)
Try
