## Can't Do a Thing (To Stop Me)

## **Chris Isaak**

Here I go again, dreaming, here I go again

(Can't do a thing to stop me now)

(Can't do a thing to stop me now)Having a good time baby, wish you were here Thinking about you baby, it feels like you're near

And you can't do a thing, to stop me

(Can't do a thing to stop me now)

No you can't do a thing, to stop me

(Can't do a thing to stop me now)Days can be lonely, nights dreams come true Making love with somebody, exactly like you

And you can't do a thing, to stop me

(Can't do a thing to stop me now)

No you can't do a thing, to stop me

(Can't do a thing to stop me now)

Oh try(Can't do a thing to stop me now)

Can't do a thing to stop me

(Can't do a thing to stop me now) Oh

(Can't do a thing to stop me)Couldn't stop myself if I tried

Because I got you too deep insideAnd you can't do a thing, to stop me

(Can't do a thing to stop me now)

No you can't do a thing, to stop me

(Can't do a thing to stop me now)

Try
