## Julee Cruise

OohI'm going out  
Yes, I'm going out to the night  
I will wear you out  
It's for my soulI'm going out  
Yes, I'm going out to the night  
I will wear you out  
It's good for my soulFire flies are out tonight  
Those fire flies are out tonight  
Watch them twinkle so bright  
And the night
