Glow (Part Time Punks Session)

Hibou

How old have we grown to this earth
Just breaking bread you've washed away
I know I'm shivering cold in the light
You'll find me there, You'll see me
Falling into you
Falling into youAnd I stopped drifting to perfect dreams
I'll just wake up and think of you
There's always ways to see when it's real
And play along, just make us smile
