## Signs of Love

## **Moby**

If I was beautiful

If I had the time

They'd flock to me

Bathe me in the wine

I know that's not the way

I know that's not how things are to beMy baby left

My baby left

Gone gone

Gone goneI was always looking

And I held until the time began

Subtle things come at me

I look to see where loss had ran

I can have the sun it come

And touch me on my shoulder

Think of all the things that I could

Wish that I had told herI fly so high

Then fall so low

(I fly so high)

(I fly so high)If I was beautiful

If I had the time

You would flock to me

And bathe me in the wine

I know that's not the way

I know that's not how things are to beIf I was like you

With nothing to get around

Then everything would be beautiful

As far as I could see

You'd be sitting here with me

'Til love's endI fly so high

Then fall so low

I fly so high

Then fall so lowSigns of love

(I fly so high)

Away we could run

(Then fall so low)I can see the light come peering through the sky in my mind

(I fly so high)

Crazy people come and look at us we're lying on the floor

(Then fall so low)

I would hold you in my arms until we both are home

## I would hold you in my arms until we both are old
