

keep ThE FAMILY CLOSe

Drake

All of my let's just be friends
Are friends I don't have anymore
How do you not check on me when things go wrong
Guess I should have tried to keep my family closer, much closer
All of my let's just be friends
Are friends I don't have anymore
Guess it's what they say you need family for
'Cause I can't depend on you anymore Always saw you for what you could have been
Ever since you met me like when Chrysler made that one car
That looked just like a Bentley I
Always saw you for what you could have been
And even when its business with you it's personal again
I knew you before you made ends meet
And now were meeting out end And it's all because you chose a side
You're supposed to put your pride aside and ride for me
Guess it wasn't time
And of course you went and chose a side that wasn't mine Your so predictable I hate people like you
Kennedy road taught me not to trust people like you
How you supposed to figure out what I'm goin' through
You can't even figure out what's going on with you
You judged me before you met me yeah it figures
I make all the players anthems for the real niggas
With my dad out in Tennessee is where I belong
Out here in LA I don't know whats going on I don't know whats going on
And its all becace you chose a side
You're supposed to put your pride aside and ride for me
Guess it wasn't time, yeah
And of course you went and chose a side that wasn't mine You sit and you pray hoping that the stars align
My luck is a sure thing cause I'm living right
When I needed you you couldn't give me any advice
You always had something to say every other time
Everybody that I met on the way tries to get in the way
I'm fooding and serving tomorrow like I'm working minimum wage
Someone up there must just love testing my patience
Someone up there must be in need of some entertainment
Forgiveness for your ways
If I ever loved you I'll always love you that's how I was raised
Same way I'm right here still feeling a way
Same way I'm realizing on a day to day that All of my let's just be friends

Are friends I don't have anymore
How do you not check on me when things go wrong
Guess I should have tried to keep my family closer, much closer
All of my let's just be friends
Are friends I don't have anymore
Guess it's what they say you need family for
'Cause I can't depend on you anymore
Much closer
