

# Sheep...

## TCP

see your reflection  
ask yourself  
if that tv reason...that stuff you feed on makes ya.... follow their mantra to believe... happilyshow... me... what  
you've been reading  
what's... your... brain food today  
try... to... be one and only  
just... to... be that one sheep gone astraysheep... love to gather when...there's a leader then... they feel safe  
we... will decide for you... fill the time for you... be your friendwe will do everything... just lay back don't  
think... it's okay  
sleep... counting sheep will do... close your eyes 1-2-3-4 sleepbe your convictions  
turn yourself  
from that TV fiction... that stuff you tune in takes ya... away from your reality, honestlyshow... me... what  
you've been reading  
what's... your... brain food today  
try... to... be one and only  
just... to... be that black sheep gone astray
