propel your pals in soulthe other night i had a dream
his teeth gleamed
as he wrapped that blue towel
around my throat
let me go let me go
let me go go jimmy goi want to shine
i want to replace yours with mine
i want to dive
head down the water underbreathe keep your legs straight
breathe keep your eyes wide open
breathe keep your legs straight
breathe come up for airi am the heir of air
breathing water
under jimmy's rudderam i so strange
to want to make a change
for change's sake
i want to get
deep down the water underbreathe keep your legs straight
breathe keep your eyes wide open
