

Elmhurst Police Department

Thomas Samuel Orr

Here comes the Elmhurst police department I hear them comin' 'round the bend You better get your things together 'Cause they're bringing your party on to an end Here comes the Elmhurst police department I hear them knocking on my front door Last week they busted me with some reefer Now they're comin' back for more So I'm flushin' my reefer down the toilet Don't care I didn't have that much for sale I'm not upset about the reefer 'Cause there's plenty more comin' in the mail There goes the Elmhurst police department Looks like they didn't find anything here I guess they're pretty disappointed Now they're goin' to the bar to have a couple of beers There goes the Elmhurst police department There goes the Elmhurst police department There goes the Elmhurst police department There goes the Elmhurst police department
