

# Overground

## Siouxsie and the Banshees

Got to give up life in this netherworld  
Gonna go up to where the air is stale  
And live the life of pleasantries  
And mingle in the modern families  
Overground from abnormality  
Overboard for identity  
Overground for normality  
Overboard for identity  
This limbo is no place  
To be a digit in another space  
In another crowd  
I'm nameless bound  
Overground from abnormality  
Overboard for identity  
Overground for normality  
Overboard for identity  
Overground, I'll be worse than me  
Overground, it's clear to me  
Overground, I'll be worse than me  
Overground, it's clear to me  
Overground, I'll be worse than me  
Overground, it's clear to me  
I'll be worse than me
