

Attention (feat. Kyler England)

Tenishia

When at first start about, I was toast and turned
When at first start about, I was toast and turned
I miss how close we used to be,
Only you can give me what I need.
LOVE come back to me,
This about to be an emergency,
Attention please, I wanna feel your EYES on me.
I wanna feel your EYES on me.
Oh, can I have your attention please.
I wanna feel your hands on me.
I wanna feel your hands on me.
Oh, can I have your attention, attention please.(Electronic vibes)
Attention please,
I wanna feel your eyes on me.
I wanna feel your eyes on me.
Oh, can I have your attention, attention please.
I wanna feel your HANDS on me.
I wanna feel your HANDS on me.
Oh, can I have your attention, attention please.
Oh, can I have your attention.
