Machine Gun

Anvil

In the bunker suppressing fire
Burning heat of hot desire
Ammo box and bullet belt
Automatic weapon how it felt
Assume position and take the mound
Spitting shells, we're victory boundBarrage of shrapnel, a shower of lead
The taking of the beach head
Metal fatigue so grease the barrel
Evasive action and deadly peril
Fire at will
In for the kill
Kill or be killedShoot your machine gun
Machine gunSpring loaded, trigger happy firing cap
Blow the beach right off of the map
Pull the fire pin, ready to go
Squeeze the trigger and watch it blowMachine gun
Shoot your machine gun
Take aim and fireMachine gun
Shoot your machine gunPowder burned form rapid fire
Magazine did so expire
Discharge recoil when it's spent
Objective achieved withdraw with intent
Now the fortress was taken by force
A warring intercourseMachine gun
Shoot your machine gun
Machine gun
Shoot your machine gun
