

Flowers And Football Tops

Glasvegas

Baby, why you're not home yet?
Baby, it's getting late
I wish you'd be home by now
Door bell rings
Just who could it be at this time?
Police on my left and right
My son's not coming home tonight
Baby, they don't need to show
It's over, I know, I know
Baby, they don't need to show
Flowers and football tops, I know
Baby, baby, baby, why you?
Baby, baby, baby, why you?
No sweeping exits
No Hollywood endings
Flowers and football tops
Don't mean a thing
My baby is six feet under
Just another number

My daughter without her brother
Baby, they don't need to show
It's over, I know, I know
Baby, they don't need to show
Flowers and football tops, I know
Baby, baby, baby, why you?
Baby, baby, baby, why you?
Baby, baby, baby, my baby
My baby, baby, baby is gone
Baby, they don't need to show
It's over, I know, I know
Baby, they don't need to show
Flowers and football tops, I know
Baby, my baby, my baby
You are my sunshine, my only sunshine
You make me happy when skies are gray
I hope you noticed how much I loved you
How could they take my sunshine away?
