Aspirations

Good Tiger

Take a look into these eyes and tell me what you see.
I built your trust just like this world hopefully it wont end badly.
Take these whispers in your ear and tell me what you hear.
Crashing the world brick by brick told you all it would end badly.
I would like to build this world around you.
And I would like to crash this world around you.
Don't you forget that there were ways around the mess that I had made.
Take it in stride cause you are all I need.
I would like to build this world around you.
And I would like to crash this world around you.
Let me in. Let me in. Let me in Baby.
Let me in. Let me in. Let me in oh.
Let me in. Let me in. Let me in Baby.
Let me in. Let me in oh honey.
Let me in. Let me in. Let me in love.
Let me in. Let me in oh honey.
Let me in. Let me in. Let me in baby.
Honey I built all these thing for you.
Honey what do I have left to prove?
Beyond the moon, beyond the stars is a place inside my heart.
I built all these things for you.
Something no mortal would ever do.
Take what I've given and try to leave.
Take what I've given and try to leave.
I would like to build this world around you.
And I would like to crash this world around you.
Around you.
