

Complete

Heavenly Beat

even if I wanted

it'd be hard to find one worth waiting for
bled for what it's worth

fled from pain a hundred times before
led myself astray just out of spite
yet I'm feeling like
even I wanted
to cum around another
it be hard to find one worth kneeling for
weighed for all I'm worth
pray there's pride or value in nothing
and yet suddenly we're all alone
complete
this is completely yours
complete, and I'm
feeling like
I didn't settle for once in life
fled from pain a hundred times before
led myself astray just out of spite
yet I'm feeling like
