

La La Love

Edweenas Party

Tie all our memories on a string
I see them disperse in the wind
I thought I was so clear back then
 bout how much you meant
 meant everything

What makes three words so hard to say
what difference does admitting make
you walked and yet I could not speak
 I wonder why, cause baby I

Chorus:

La la love you now with all my heart
 that's all I've ever done
la la love you like I never before
 loved another man
 and I should have said
instead I'm here telling the moon
 I la la love you
 la la la

I know the hurt and anger
make you play down the way we were

like you're talking to a stranger
 but it breaks my heart
 it breaks my heart
'Cause by God I swear
my love went nowhere
 it was always here
It's just I never told ya
 but I failed to show
what you should have known, that I

Chorus

By God I swear
my love went nowhere
 it was always here
It's just I never told ya
 but I failed to show
what you should have known, I

Chorus x 2
