On And On

Brett Eldredge

People say I'm a little shy
and I keep to myself
oh well I aint much for small talk
Don't want to waste my breath
everything we're saying's already been said
Politics and weather well I'm out
But when someone brings you up
there aint no shuttin my mouthI go on and on talking bout you baby
all day long your name it just rolls so easy
off my tongue that I can't help it go on and on and on and on
and on yea yea yea yeaThose baby blues and the way you move
have got me loosing my mind
I just can't help myself don't wanna talk about nothing else
There's only one conversation worth conversatin' about
Oh and once you get me going aint no slowing me downI go on and on talking bout you baby
all day long your name it just rolls so easy
off my tongue that I can't help it go on and on and on and on and on
oh no no noWell I aint gon' tell ya I know everything
but I know one thing so let me do my thingand go on and on talking bout you baby
all day long your name is just rolls so easy
off my tongue that I can't help it go on and on and on and on and on you turn me on and on and on and on and on
on yeah
on and on ohh on and on baby
oooo
all day long and on
