## Sakara

i'll be a killer whale when i grow up

i'll be a vulture

i'll be an animal

a carnivore

i'll be a monster

clenching my jagged jaws

over the capture

i'll be a killer whale when i grow up i'll be a tidal wave when i grow up

crashing on harbours

i'll be a tempermental element

a raging water i'll be a perfect storm swallowing over

i'll ba a killer whale when i grow up

i'll be a monster i'll be a hurricane when i grow up

an ugly thunder

i'll be a forest fire about to flood

over an empire

i'll be an avalanche chewing its rupture

i'll be a killer whale when i grow up

i'll be a monster i'll be a killer whale
