# Featherbedding Lover

## Nazz

Ain't it nice to find somebody waiting at home
Ain't it nice to find somebody waiting at home
But she's just a featherbedding lover
I might as well be living aloneYou're out all night and I work all day
You tell me you love me but I think you just need a place to stay
I believe I'm feeding someone else's doe
'Cause you're just a featherbedding lover
I might as well be living alonePack your things, I think this time you better go
Pack your suitcase, I think this time you better go
'Cause you're just a featherbedding lover
I might as well be living alone
