Coast Is Clear

Curve

Above my bed, in this ugly room
Hangs the whisper of the same manYou can't be my father, for the love we've shown
It's just a little to me, it's never enough to swallow those pills
Now I'm sick and always will beTake it, I don't want it, you can have what you like
Just don't try to trick me to sleep, then turn out those lightsYou can't be my father, for the love we've shown
It's just a little to me, it's never enough to swallow those pills
Now I'm sick and I always will beDreams of meeting truth, be my father
Dreams of meeting truth, for the loveI said, you can't be my father, for the love we've shown
It's just a little to me, it's never enough to swallow those pills
Now I'm sick, now I'm sick, now I'm sickJust when you thought it was alright
Just when you thought it was alrightCoast is clear, coast is clear
Coast is clear, coast is clear
Coast is clear, coast is clear
Coast is clear, coast is clear
