

Goldenheart (Outro)

Dawn Richard

(Verse)

Wide eyes
Not scared to fly
Thats what we were
We were young and wild
When love was speechless
Where hearts cant be broken
Those were the days(Chorus)

Oh the days

I gotta go back

I gotta go back

To the pretty things

To the pretty things

To the pretty things

Lets go, lets go

Lets go,

Go, go, go, go(Verse)

White knights

White horses

Saved me from the evil forces

Those were the days

Those were the days

Oh, those were the days(Chorus)

The pretty things

The pretty things

Oh, the pretty things

The pretty things

Oh, the pretty things

The pretty things

Oh, the pretty things

Oh, the pretty things(Interlude)

I wanna go back

To the white knights

White horses

Save me from(Outro)

Oh

Oh the days

When we were

Wild and young

Oh
Love.
