

# In Memory of My Heart

**Buddy Miller**

Light a candle in the rain  
Sing a sad song in the dark  
Throw a flower in the river  
In memory of my heart You were such life to me or so sweet to me  
For my heart you were breath and blood  
Now I'm in misery  
Cause I can't live without your love Light a candle in the rain  
Sing a sad song in the dark  
Throw a flower in the river  
In memory of my heart I'll go on like before  
And look the same as  
I've always been  
But my heart's gone for sure  
Since forever's come to an end
