

Some Kind Of Wonderful

Michael Buble

All you have to do is touch my hand
And show me you understand
And that something happens to me
That some kind of wonderful
Now every time my little world seems blue
I just have to look at you
And everything seems to be
Some kind of wonderful
Now I know I can't express
This feeling of tenderness
There's so much I wanna say
But right words don't come my way
I only know when I'm in your embrace
Then this world seems a better place
And something happens to me
And it's some kind of wonderful
And it's wonderful, baby
It's wonderful
Oh, it's so divine, yeah
I know I can't express
This feeling of tenderness
And there's so much I wanna say
But the right words don't come my way
I only know when I'm in your embrace
And this world seems a better place
And that something happens to me
You know it's some kind of wonderful
And it's wonderful, baby
It's so divine, oh baby
And it's wonderful, baby, baby, baby, baby
I understand and it's some kind of wonderful
And it's wonderful, baby, baby, baby, baby please
You know you're some kind of wonderful, oh baby
So much I wanna say
