Die With You

Chillihounds

You do everything for me
Protect me from the shadows
You hold me when I'm falling
Chase all the bad dreams away

You hear me when I'm calling you
Wash away my tears
My blood is poisoned, my soul is aching
I'll die for you once more

But once you hurt me and I can't forget the pain
The razorblades inside my soul, inside my soul

I tried to forget you
I tried to love you
But I hurt you all the time
I can't forget you
I'm afraid to touch you
And I always see you cry

I tried to forget you
I tried to love you
But I hurt you all the time
I can't forget you
I'm afraid to touch you
And I always see you cry

You do everything for me
Protect me from the shadows
You hold me when I'm falling
Chase all the bad dreams away

You hear me when I'm calling you
Wash away my tears
My blood is poisoned, my soul is aching
I'll die for you once more

But once you hurt me and I can't forget the pain
The razorblades inside my soul, inside my soul

I tried to forget you
I tried to love you
But I hurt you all the time
I can't forget you
I'm afraid to touch you
And I always see you cry

Let me die, let me die, let me die with you
And I wish I could die with you again
And I wish I could die in your arms again
I want to die with you
