

# Terrified

Katharine McPhee

You, by the light  
Is the greatest find  
In a world full of wrong  
You're the thing that's right Finally made it through the lonely  
To the other side You said it again, my heart's in motion  
Every word feels like a shooting star  
I'm at the edge of my emotions  
Watching the shadows burning in the dark And I'm in love  
And I'm terrified  
For the first time and the last time  
In my only life And this could be good  
It's already better than that  
And nothing's worse  
Than knowing you're holding back I could be all that you needed  
If you let me try You said it again, my heart's in motion  
Every word feels like a shooting star  
I'm at the edge of my emotions  
Watching the shadows burning in the dark And I'm in love  
And I'm terrified  
For the first time and the last time  
In my only life I only said it 'cause I mean it  
I only mean it 'cause it's true  
So don't you doubt what I've been dreaming  
'Cause it fills me up and holds me close whenever I'm without you You said it again, my heart's in motion  
Every word feels like a shooting star  
I'm at the edge of my emotions  
Watching the shadows burning in the dark And I'm in love  
And I'm terrified  
For the first time and the last time  
In my only life...
