

# I'm A Word Detective

## Jack Hartmann

Iâ€™m a Word Detective

Iâ€™m a word detective  
I search all around  
I try to find some clues  
So I can figure words out

Iâ€™m a w-w-w-w-word detective

Hereâ€™s what I do to figure out a new word  
I take a picture walk  
And figure out what the pictures show  
Then I think what word makes sense?  
And is it like a word I already know?

Iâ€™m a word detective  
I search all around  
I try to find some clues  
So I can figure words out

Iâ€™m a w-w-w-w-word detective

Hereâ€™s some other things that I do to figure out a new word  
I skip over the word I donâ€™t know  
Read the whole sentence  
And then go back  
Then I get my mouth ready to say the first sound of the word

It helps me get on track

Iâ€™m a word detective  
I search all around  
I try to find some clues  
So I can figure words out

Iâ€™m a w-w-w-w-word detective  
And you can be one too!
