Gotta Believe It

Overflow

I'm just a human on this planet for a little while
I'm a crazy believer
Im not singing just to make you smileI wanna tell you the truth
Im not a superstar, but it dont matter who you are
He's always there, even when life's not fair
I want you to knowEvery day's not gonna go your way
You're gonna be okay
Gotta believe it, just believe itHis love for you is gonna get you through
There's nothing God can't do
You gotta believe it, just believe itWe're the same, you and me
We've got two hands and two feet
I think I know how you're feelingI've seen my dreams run away
Just like you, I've been afraid
I believed all the liesI'll tell you the truth
'Cause I want you to knowEvery day's not gonna go your way
You're gonna be okay
Gotta believe it, just believe itHis love for you is gonna get you through
There's nothing God can't do
You gotta believe it, just believe it
YeahOh, everyday won't go your way
No need to be afraid
You're gonna be okay today
TodayEvery day's not gonna go your way
You're gonna be okay
Gotta believe it, just believe itHis love for you is gonna get you through
There's nothing God can't do
You gotta believe it, just believe itE-e-every day's not gonna go your way
You're gonna be okay
Gotta believe it, just believe itHis love for you is gonna get you through
There's nothing God can't do
You gotta believe it, just believe itGotta believe it
You gotta believe it
Just believe itYou gotta believe it
You gotta believe it
Just gotta believe it
